## **About Colonial Christian Academy**

### **Our Mission**

Colonial Christian Academy desires to be not just another school. It desires to be a shining light in the community committed to teaching and living the Christian faith while producing an environment for students to develop academic and spiritual excellence. CCA facilitates each student's growth through a structured, Christ-centered educational program designed to challenge and equip them with the spiritual, mental, physical, psychological, social and emotional tools necessary to live a life that is pleasing to God.

### **Our Vision**

We envision a thriving, challenging, and vigorous program of academic study, spiritual growth, and social development. We desire to "train up" children in the way they should go"—toward a lifetime of learning (Proverbs 22:6). We envision kindergarten-ready pre-k youngsters, readers by mid-kindergarten, and writers moving to grade one. We envision a progression of CCA children climbing the ladder of learning slowing down only to help others to realize their full potential.

### **Support for Our School**

Since tuition alone cannot cover the entire cost of providing a quality educational experience for our students, the CCA board, parents and faculty undertake fundraising projects throughout the year to sustain general operations, student scholarships, new science lab equipment, computers and other needed resources. We greatly appreciate your gifts of financial contributions, in-kind donations and prayers for Colonial Christian Academy.
